

## GEMINI 1S RECEIVER

- Unique safety system performance level C
- Powerful range in combination with very compact hand transmitter
- Extremely suitable for mobile applications
- Easy to integrate into new and existing emergency stop circuits

### TECHNICAL SPECIFICATIONS

Max. current load	Max 4A per relay
Max. switching voltage	max 230V AC or 50V DC
Power supply	10-30V DC or 230V AC
Degree of protection	IP65
Certification	CE, RED, EMC, LVD, Plc
Digital outputs	2
Digital inputs	-
Analog outputs	-
Analog inputs	-
Bus networks	-
Communication mode	Simplex
Frequency	868 MHz
Modulation	Narrow band
Dimensions excl. antenna	160 x 150 x 60 mm
Antenna type	SMA
Weight	508 gram
Temperature range	0°C / +60°C
Reaction time	0.5 / 1.0 / 1.5 / 2.0 sec
