

HYDRUS RECEIVER

- 100% dirt and moisture resistant (IP68)
- Simple and sturdy
- Plug & Play; fast and simple installation
- Robust and no-nonsense service
- Most compact receiver
- 1.5 meter prewired

TECHNICAL SPECIFICATIONS

Max. current load	4A per output, total max 5A
Max. switching voltage	8 - 30 VDC
Power supply	8 - 30 VDC
Degree of protection	IP68
Certification	CE, RED, EMC, LVD / E4 (automotive)
Digital outputs	2
Digital inputs	-
Analog outputs	-
Analog inputs	-
Bus networks	-
Communication mode	simplex
Frequency	868 MHz
Modulation	broadband
Dimensions excl. antenna	62 x 104 x 30 mm
Antenna type	FLEX
Weight	300 gram
Temperature range	-40°C / +85°C
Reaction time	< 0.1 sec
