

Wireless camera systems - Ref. D14806

The D14806 camera is a perfect reversing and surveillance system for all types of vehicles: trucks, trailers, handling machines, agricultural tractors, construction machinery... Magnetic and on rechargeable battery, the installation is quick and easy. After downloading the application on your smartphone or tablet (see instructions), you can watch the real-time video via wifi but also take screenshots. USB rechargeable cable included.

TECHNICAL CHARACTERISTICS

Product Type	WIFI for smart phone or tablet ANDROID or IOS
Voltage	Rechargeable battery
Color	Yes
Length	116 mm
Width	80 mm
Height	66 mm
Battery life	12 hours (LED off day vision), 5,5 hours (LED on night vision)
Vision Angle	110°
Night/Day sensor	Yes
Night Vision Distance	8-10 m
Infrared LED Number	4 LEDs
Time Delay	200 ms
Max Distance with Monitor	50 m
IP protection	IP69K (camera)
Operation Temperatures	-20°C to +60°C
Vibration Resistance	ISO 16750-3 - max 17,3G
Industry	Agriculture, Construction, Handling and Forklifts, Priority vehicle, Trailers and Semi-trailers, Trucks, Vans and Chassis cab
